Personalize from Mild-to-Wild!

Customers can provide DESIGNER*PROP with their own original paint scheme or personalized logo, or have a custom-image developed. DESIGNER*PROP'S Certified Master Painter will complete the ideal propeller design to compliment any aircraft.

DESIGNER*PROP has developed the only custom painting process that is FAA approved. The painting process is durable and will last for years. This process can be performed on all propeller options including overhauls, reseals and new propellers, both certified and experimental.

DESIGNER*PROP is establishing a support program with authorized Propeller Facilities and Fixed Based Operators throughout the United States. Call for the nearest support facility locations: 800-292-7767 / 530-221-4470 or visit www.ameritech-aviation.com

DESIGNER*PROP also offers spectacular "DESIGNER BLADES." These striking "DESIGNER BLADES" are custom-made to the customer's own specific design. "DESIGNER BLADES" are perfect for trophies, awards, promotional displays, retirements, birthdays, anniversaries, hangars and offices.
